

NEVER LET YOUR PROPANE TANK RUN OUT! MAKE YOUR TANK A SMART TANK!

Check your propane tank level any time, from any place, right from your smart phone or tablet!

WHY GET IT?

- Peace of mind. Check your propane level at any time, from any place.
- Each monitor comes with a guarantee that you will not run out of propane, certain restrictions apply, or we will cover the leak and pressure test PLUS offer a \$250 credit to your energy account!**

WHAT IS IT?

- OTODATA is a cellular monitoring service largely used for residential propane. App access is available for Apple and Android devices.
- It will work with all propane tanks, older tanks may require a new dial, as it mounts with magnets. Installation is free of charge and performed by a certified Five Star propane technician.
- The Nee-Vo app, which takes only 5 minutes to set up, pairs directly to your tanks so you can monitor remotely.
- Five Star energy staff will also monitor tank levels to ensure you never run out of propane.***

** Account credited except in the case of supply issues or natural disaster.

***A \$25 annual monitoring fee will be charged per monitor.

Contact Five Star Cooperative today to get your tank monitor installed!
